PROFESSIONAL SUMMARY

Results-driven Software Developer with hands-on experience building scalable, user-centered digital products across health technology, media platforms, faith-based community systems, and NGO admin tooling. Proficient in React.js, Next.js, Tailwind CSS, Firebase, and Supabase, with a strong focus on responsive UI/UX implementation, API integrations, and cloud-connected architectures. Holds a B.Eng. in Computer Engineering and an MSc in Computer Science, combining academic grounding with practical delivery of real-world applications across diverse sectors.

TECHNICAL SKILLS

Frontend	React.js · Next.js · Tailwind CSS · JavaScript · TypeScript · Responsive Design
Backend & Cloud	Firebase · Supabase · REST APIs · Node.js · Python · Rust · Authentication Systems
Integrations	BLE (Bluetooth Low Energy) · Mobile Integration · API Integration · Media Management
Tools & Systems	Git · GitHub · Admin Dashboard Systems · CMS · UI/UX Implementation

WORK EXPERIENCE

Freelance Full-Stack Developer

2022 – Present

Self-Employed — Contract & Project-Based

- Designed, developed, and deployed production-grade web applications for clients across health tech, media, faith-based, NGO, and architecture community sectors.
- Led end-to-end frontend engineering using React.js, Next.js, and Tailwind CSS with Firebase and Supabase as backend services.
- Implemented BLE wearable device integrations, real-time Firebase sync, authentication systems, and admin dashboard tooling across multiple platforms.
- Delivered responsive, mobile-first UI/UX across all projects with strong emphasis on performance, accessibility, and scalability.
- Managed content management systems, media upload pipelines, and cloud-integrated storage solutions.
- Integrated REST APIs, push notification systems, and cross-platform compatibility across all deployed products.

FEATURED PROJECTS

TheArkitectsHub

December 2025 – April 2026

Community-driven architecture platform featuring user profiles, a resource hub, blog system, featured architect sections, and newsletter integration.

Stack: Next.js · Tailwind CSS · Supabase · CMS · Newsletter Integration

Live: thearkitectshub.com | GitHub: github.com/OJDIT/Thearkitectshub

Heavenly Soundscapes

October 2024 – July 2025

Audio/music distribution platform with upload management, free downloads, Supabase storage, admin dashboard, media management, and a full storefront UI.

Stack: Next.js · Supabase · Tailwind CSS · Media Management · Admin Dashboard

Live: heavenlysoundscape.com | GitHub: github.com/OJDIT/Heavenly-Soundscapes

ScanGuard

2024

A pivotal advancement in the fight against counterfeit products. ScanGuard provides a reliable, user-friendly tool for verifying product authenticity — empowering consumers, supporting legitimate businesses, and aiding regulatory bodies in enforcement efforts. Enhances consumer safety, financial well-being, and contributes to broader economic and social benefits.

Stack: React.js · Vercel · Product Authentication · QR/Scan Integration

Live: scanguard.vercel.app | **GitHub:** github.com/OJDIT/scanguard0

CRM Altar of Favour

2023 – 2024

Church management and media platform with audio sermon streaming, event listings, newsletter system, and fully responsive media sections.

Stack: React.js · Firebase · REST APIs · Responsive Design

Live: crmdutse.com | **GitHub:** github.com/OJDIT/crm

SOH Foundation Dashboard

2022 – 2023

Admin dashboard and CMS for an NGO, featuring gallery uploads, content management, user administration, and a modern management interface.

Stack: React.js · Firebase · Admin Systems · Content Management

Live: sohfoundation.com | **GitHub:** github.com/OJDIT/stone-of-help-foundation

SERVICES OFFERED

- Frontend Development (React.js, Next.js, Tailwind CSS)
- Full-Stack Web Application Development
- Admin Dashboard & CMS Development
- Firebase & Supabase Integration
- Responsive UI/UX Engineering
- REST API Integration
- BLE & Mobile Device Integration
- Website Performance Optimization

EDUCATION

MSc Computer Science

2025

University of Abuja, Abuja, Nigeria

B.Eng. Computer Engineering

2023

Federal University of Technology Minna, Niger State, Nigeria
